

JULY 16 DESIGN PROFESSIONALS MEETING

On July 16, 2026, Community Development Director Yolanda Bundy and Assistant Community Development Director Tyler Eaton shared updates on the City's ongoing rebuilding efforts with local design professionals. The presentation included an update on the City's Rebuild Dashboard, highlighting current rebuilding progress and available resources at the Rebuild Center.

City staff reviewed some of the most common questions Caltrans receives regarding fire rebuild projects, including when encroachment permits are required. Staff also discussed the most common building plan check corrections for fire rebuild projects, emphasizing collaboration with applicants and design professionals to address review comments efficiently and keep projects moving toward permit issuance.

The meeting also included discussions and questions about approaches to rebuilding and repairing seawalls, an important consideration throughout the recovery process. City staff welcomed ideas and feedback from the design community and reaffirmed the City's commitment to working together to identify practical solutions that support safe, resilient, and timely rebuilding.
